

ACRC Cultural Diversity Schedule of Activities June 2019

The following events are funded by the Department of Developmental Services – Disparities Grant Funds. These events prioritized the culturally and linguistically diverse families served by ACRC as well as service coordinators that serve the populations.

<i>Registration is required for all workshops and information sessions. It is our hope to fill the room with people reflective of the target populations. However, the invitation is extended to anyone based on event capacity. For ethnicity-specific focus groups, we would like recommendations from the SCs for potential participants.</i>					
Target Population	What	When	Where	Registration Contact	Transportation & Childcare
