## EXECUTIVE DIRECTOR'S MESSAGE

*Executive Director Lori Banales*

There has been a lot of activity at ACRC over this past quarter, with a particular focus on developing partnerships within our community and increasing resources to meet the needs of those we serve. Expansion of the Technology Pilot has been a true passion project for our regional center. This project has elevated the impact technological support can have on individuals living in the community, lessening their dependence on in-person staff and increasing opportunities for greater self-reliance. The individual testimonies of pilot participants have been described as “life-changing”. This project is now expanding into the employment sector, where Ray-Ban Meta glasses will be piloted to support individuals in the workplace. We are expecting to learn similar outcomes with this pilot. These projects demonstrate the commitment ACRC has to developing innovative strategies to enhance independence. Along this same line, ACRC is proud to partner with IHSS Connect. This website promotes a safe and easy to navigate platform where individuals served and/or their family members can go to search for IHSS caregivers, as well as supporting job seekers who may be looking to provide this type of care. The site has now expanded access to 11 languages.

## ANNOUNCEMENT

ACRC is hosting our next quarterly virtual community meeting on May 6<sup>th</sup>, 2026- 11am-12pm

Please note: ACRC quarterly community meeting is intended to share updates across the organization and to engage with our community. This is not a space for client specific issues. Those discussions are welcomed at the Planning Team level or in a one-on-one conversation. Thank you for understanding the need to preserve client confidentiality. For additional information visit <https://www.altaregional.org/calendar> to get the link. No registration required.

### **EXECUTIVE DIRECTOR'S MESSAGE - CONT.**

In March, ACRC hosted two public meetings to share purchase of service (POS) data from the previous year and to receive input from our community to address funding variances across ethnicity, diagnosis, age and language. The meetings were well attended and the conversations and information shared were valuable for shaping future activities and training courses to address service access. I am grateful to all those who attended and added to the conversation.

Lastly, an update on the budget process. Over the next two months, there are two budget hearings scheduled related to the developmental services system: April 15<sup>th</sup> is the Assembly hearing and May 7<sup>th</sup> is the Senate hearing. Changes to the governor's proposed budget will be released in the May Revision no later than May 14<sup>th</sup>. These revisions consider the latest economic forecasts. Changes to the proposed budget are anticipated. As information is released, ACRC will share the details with our community. Your voice is needed to share stories with our legislative representatives about the importance of regional center entitlement and specifically, how those services support individuals with developmental disabilities. Stay tuned!

---

### **DID YOU KNOW?**

The Department of Developmental Services maintains an events calendar. Visit their calendar today to participate in upcoming stakeholder opportunities.

## El plan de programa individual

¡Prepárese para la reunión del Plan de Programa Individual (IPP)!

Explore sus objetivos, y piense qué áreas de su vida son las más importantes para usted en el hogar, en el trabajo y en la comunidad.

Tome decisiones acerca de los tipos de servicios y apoyos que pueda necesitar.

### Cómo prepararse para su reunión del IPP:

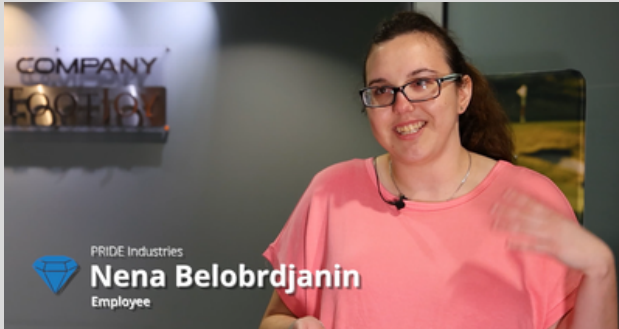

- ▶ **Fortalezas e intereses:** las actividades que disfruta.
- ▶ **Metas:** ¿qué quiere conseguir en los próximos años?
- ▶ **Estatura y peso:**
- ▶ **Información médica/odontológica:** fechas y propósitos de las últimas citas.
- ▶ **Beneficios (si corresponde):** detalles de Servicios de Apoyo a Domicilio (IHSS)/Seguridad de Ingreso Suplementario (SSI) o interés en solicitarlos.
- ▶ **¿Toma algún medicamento?** Nombre y dosis de los medicamentos.
- ▶ **¿Realiza actualmente alguna terapia en centros no regionales?** Nombre del proveedor, horario.
- ▶ **Su educación:** la fecha de la última reunión del IEP/Plan 504.
- ▶ **¿Cambios desde el IPP del año pasado?**
  - ▶ **Escuela:** nombre, calendario de clases, nombre del maestro, servicios actuales del IEP.
  - ▶ **Niveles de independencia:** ¿necesita ayuda para vestirse, bañarse, usar el inodoro o comer?
  - ▶ **Interacción social:** comodidad en entornos sociales, habilidades de comunicación y relaciones con pares.
- ▶ **Preocupaciones:** cualquier desafío relacionado con el comportamiento, la seguridad, la vida en el hogar, el acceso a la comunidad, la educación o la atención médica/odontológica.

# PRIDE INDUSTRIES 60<sup>TH</sup> ANNIVERSARY CELEBRATION

Check out PRIDE Industries video celebrating 60 years

This March, PRIDE Industries proudly celebrates a milestone worth cheering—60 years of creating opportunity, advancing disability inclusion, and transforming lives through meaningful employment. Since 1966, PRIDE Industries has been committed to empowering people with disabilities to build purpose, independence, and community through the dignity of work.

On March 4, 2026, employees, partners, and supporters gathered at PRIDE Industries headquarters in Roseville to celebrate an extraordinary journey. From humble beginnings to six decades of lasting impact, the event honored the people, partnerships, and shared commitment that have made their mission possible. Reflecting on how far they have come, they celebrate not only 60 years of progress, but the continued promise of inclusion, opportunity, and purpose for the future. GREAT JOB PRIDE INDUSTRIES!

## HONORING STAFF WITH WORK ANNIVERSARIES

During our January 22, 2026 Board of Directors meeting, we had an opportunity to acknowledge our ACRC staff celebrating their work anniversaries. Congratulations to our many long-time staff who were honored.

## **JANUARY 2025 EMPLOYEE OF THE MONTH HEIDI DILLEY**

Heidi Dilley has shown exceptional service and leadership as a Client Services Manager. Heidi has continuously demonstrated remarkable professionalism, dedication, and compassion while managing the Grass Valley/Truckee offices during a period of transition and challenge.

Over the past five years, Heidi has navigated difficult circumstances, including multiple retirements in a short period of time which led to an increase in uncovered caseloads, while also navigating an influx of a notably high number of Self-Determination Program cases, all while exemplifying unwavering grace and composure. Heidi's ability to remain calm, solution-focused, and supportive has had a profound positive impact on both staff and the individuals and families we serve.

Heidi's leadership is defined by empathy, reliability, and resilience. She consistently models what it means to lead with integrity and kindness. Despite the heavy demands placed on her, she maintains an organized, thoughtful approach to her work and ensures that documentation and written communications meet the highest standards. Her outstanding writing skills and attention to detail are invaluable assets to our team.

In addition to managing the Grass Valley office, Heidi travels weekly to the Truckee office to provide hands-on support, guidance, and continuity of leadership. This additional responsibility, undertaken without hesitation, further illustrates her commitment to the success and well-being of her team and the individuals we support.

Heidi is also known for her consistent, heartfelt efforts to uplift others. She always finds the time—no matter how busy her workload—to send a quick note of encouragement, offer appreciation, or check in with a teammate. These gestures, though small on the surface, create a meaningful culture of trust, connection, and morale.

For her professional excellence, unmatched dedication, and genuine kindness, Heidi is truly deserving of this recognition. She exemplifies what it means to be a strong and compassionate leader, and her contributions enrich our agency every single day.

## **FEBRUARY 2026 EMPLOYEE OF THE MONTH NORMA VIDAURRETA**

Norma Vidaurreta is a Lead Community Services Specialist in the Specialized Services and Supports Unit. In this role, she is an expert resource in the Community Services Department and supports the entire agency in processing Health and Safety Waivers. She has been available to attend meetings to help explain the Health and Safety Waiver process to vendors and has assisted at Title 17 monitoring reviews for the Specialized Residential Facilities.

Norma addresses difficult and complex situations with professionalism and composure. She brings a calm energy to any room she enters. Norma is patient and demonstrates active listening. She is ready and available any time someone needs help.

Norma has been at ACRC for 20 years and holds so much history. Norma works with integrity and purpose, keeping the client as top priority. She is a true asset to ACRC!

## **MARCH 2026 EMPLOYEE OF THE MONTH SINDHU PHILIP**

Sindhu Philip serves as the primary psychologist for Early Intervention, and in this role, she oversees the weekly teaming schedule to determine Lanterman eligibility for children in this program. She consistently participates and contributes to every scheduled teaming, thoroughly reviewing documents and reports and collaborating closely with the entire clinical team to ensure the most accurate outcomes for each case.

Her depth of knowledge and expertise is evident in every discussion. She provides her clinical opinions with clarity, confidence, and fairness. Sindhu is an exceptional team player. Despite the changes to the teaming process, she remains open, adaptable, and actively engaged in finding more efficient ways to support the team's workflow. She readily embraced an additional day of teaming, which has greatly improved our ability to bring clients through the process in a timely manner.

Sindhu approaches every interaction with patience and kindness, and she consistently takes the time needed to ensure each client is assessed thoroughly, fairly, and accurately.

Sindhu has a direct and meaningful impact on how we carry out our mission and vision. Her knowledge and expertise play a critical role in determining eligibility for Lanterman services. She is greatly admired by her colleagues.

## ARCA GRASSROOTS DAY

In March, ACRC staff participated in the Association of Regional Center Agencies (ARCA) Grassroots Day. Grassroots Day stakeholders from across the developmental disabilities system came together to advocate for legislation that would directly impact clients of the regional center. The team advocated the three policy priorities. 1. AB 2324 - Youth Caregivers Career Pathway Program. 2. AB 1670 - Oral Health Services: Behavior Management. 3. Concurrent Resolution - 60<sup>th</sup> Anniversary of GGRC and FDLRC.

## GOGO GRANDPARENT - RIDESHARE BROKER

Did you know? ACRC is now a User Regional Center for Central Valley Regional Center vendor [gogograndparent.com](http://gogograndparent.com) to support rideshare scheduling for:

- Social Recreational Activities
- Employment Locations
- Weekday Evening Service Hours (Between 6pm – 6 am)
- Weekend Service Hours (Saturday and/or Sunday Service Required)
- Volunteering Activities
- Internship Opportunities
- Libraries
- Medical Appointments
- Trips that require will-call status for return trip
- Academic Activities: Sierra College, American River College, Consumnes College, Sacramento City College, Sacramento State University, and Folsom Lake College

**GoGo Technologies Inc**  
**Vendor Number HC1731**  
**Currently supporting 97**  
**ACRC Clients**

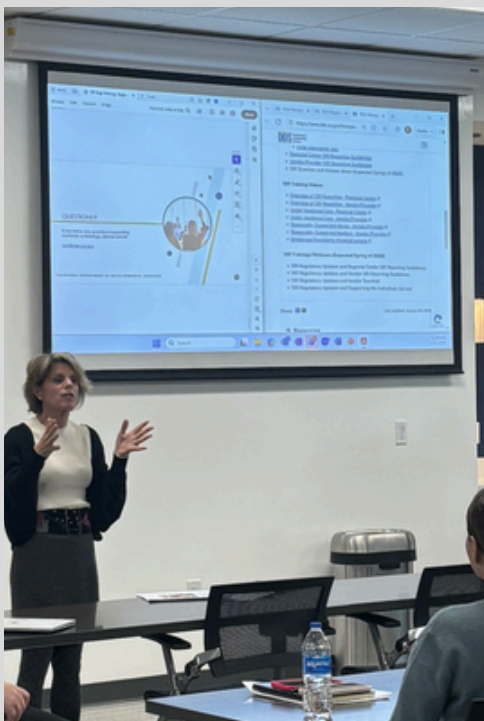

## DSP COLLABORATIVE EXPANDS TO SEVEN LA COUNTY RCS

On March 5, 2026 the seven regional centers in Los Angeles County held their first DSP Collaborative job fair. There were hundreds of attendees that got to speak with 80 service providers that were looking to hire candidates. We are so pleased to see this that this initiative that began with ACRC and Valley Mountain Regional Center, has now moved to Los Angeles County. In 2027 we are looking forward to statewide adoption of the DSP Collaborative.

## DDS HOSTS SIR TRAINING AT ACRC

The Department of Developmental Services (DDS) has been traveling California providing in person training on the changes to Special Incident Reporting (SIR). Many ACRC staff across departments attended the training. You can learn more about the changes to SIR reporting here: <https://www.dds.ca.gov/transparency/laws-regulations/emergency-and-proposed-regulations/special-incident-reporting-sir/>

## **ACRC HOSTING LISTENING SESSIONS - LISTENING, LEARNING, AND GROWING TOGETHER**

We are proud to dedicate our time and attention to engaging directly with our community. This past quarter, we focused on receiving valuable input through a series of Feedback and Listening Sessions, ensuring that the voices of those we serve are heard and reflected in our work.

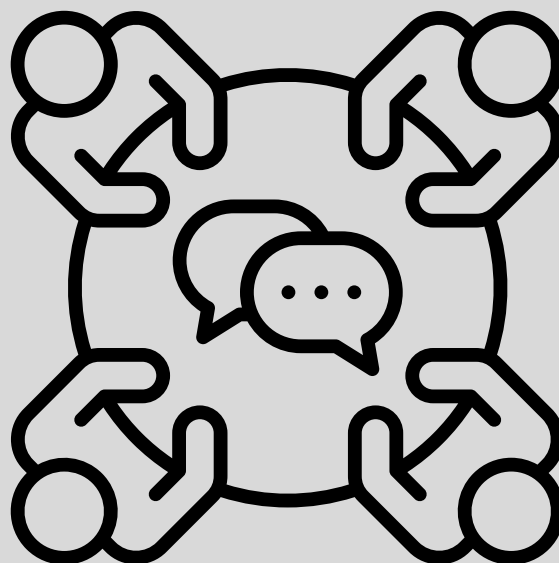

We have hosted several meaningful sessions, most recently on February 25, ACRC held a follow up listening session for African American, Black, Caribbean, Biracial and Multiracial families at ACRC along with the State Council on Developmental Disabilities.

These sessions have proven to be an effective way to gather input and suggestions on a variety of topics. By listening directly to our community, we gain insights that guide us in improving services and strengthening partnerships.

More sessions are planned for the coming year. Together, we are shaping a stronger, more responsive regional center—one conversation at a time.

To learn about upcoming opportunities to participate in listening sessions please visit:

<https://www.altaregional.org/calendar>

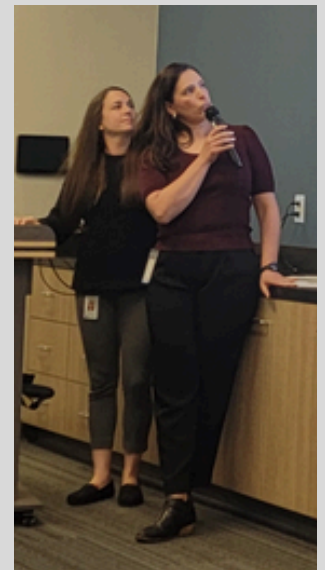

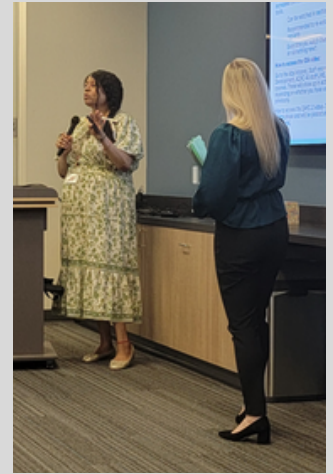

## EARLY START TRAINING

On Tuesday, February 24, ACRC hosted its first semiannual Early Start Training Day—a full day dedicated to learning, collaboration, and a little bit of fun. More than 100 participants, including all Early Start service coordinators, clinical staff, and community services staff, spent the day exploring the Early Intervention program—from initial contact through IFSP development.

The trainers reviewed key timelines, mandates, and best practices for supporting our youngest community members and their families. Attendees also benefited from expert sessions led by our own Michelle Matsumoto, SLP, who provided in-depth training on speech and language development services, Augmentative and Alternative Communication (AAC), and feeding therapies. In addition, participants received valuable guidance on partnering effectively with our Local Education Agencies and a host of other areas.

The day was a tremendous success, with staff leaving feeling more confident, connected, and equipped with an expanded toolkit to better serve toddlers, infants and families in our community.

## NOTICE: THE IMPORTANCE OF A SIGNED INDIVIDUAL PROGRAM PLAN

ACRC is required by law to have a signed Individual Program Plan (IPP) before we can implement services and supports. The IPP is a collaborative document that outlines the goals, services, and supports identified by you and your planning team.

In accordance with Welfare and Institutions Code 4646(g), ACRC cannot authorize or provide services until the IPP is signed. This step ensures that you have full participation in the planning process and that services are delivered according to your choices and needs. We encourage all clients and families to review and sign their IPP promptly so that services can begin without delay.

## **IHSS CONNECT EXPANDS ACCESSIBILITY WITH ACRC FUNDING**

From IHSS Connect - California speaks hundreds of languages — and caregiving should never get lost in translation.

That's why IHSS Connect is about to become available in 11 languages — completely free for everyone. By the end of this month, families and caregivers will be able to use the platform in: Arabic, Chinese (Mandarin), English, Farsi, Hmong, Korean, Punjabi, Russian, Spanish, Tagalog, and Vietnamese.

Caregiving is deeply personal, and understanding each other matters. Whether someone is searching for support for a loved one or looking for meaningful caregiving work, being able to navigate the platform in your own language makes everything easier.

Our goal has always been simple: make it easier for IHSS recipients and providers across California to connect. Making the platform accessible in multiple languages is a big step toward that goal.

And the best part? It's completely free to use.

If you know someone who could benefit from finding a caregiver or becoming an IHSS provider, share this with them. The right connection could change everything. This wouldn't be possible without the partnership between us and Alta California Regional Center. We look forward to hard launching the new site on April 12. <https://www.ihssconnect.com/>

### **WHO SHOULD YOU CALL WHEN YOU NEED ASSISTANCE?**

Alta California Regional Center (ACRC) is dedicated to helping clients access the services and supports you need. Here is who to contact when you need immediate support.

Step 1: Call your Service Coordinator (SC).

Step 2: Call your SC's manager (Client Services Manager). Your SC's Manager's name and phone number is listed at the bottom of your SC's email signature line.

Step 3: Call one of ACRC's Directors of Client Services: Jennifer Bloom @ (916) 978-6572 or Mechelle Johnson @ (916) 978-6653

*\*Please note that our reception desk is ready to assist you in connecting with the person you need to reach. Please call: (916) 978-6400.\**

ACRC is committed to meeting your needs through excellent customer service.

# GRANDCARE SYSTEMS

GrandCare, a new vendor, provided an information session to ACRC staff where they provided an overview of assistive technology and explained how their virtual support platform utilizes technology to expand support opportunities for individuals served.

The GrandCare system is a virtual support platform which utilizes a stationary touch screen tablet installed in the individual's served home and participation of one or more members of the individual's circle of support who will receive and respond to notifications. Through person centered planning each system is customized to meet the needs and goals of the individual served. Customizations can include: Cognitive Assists: To Do reminders, Multi step instructional video reminders, Medication reminders, and calendar reminders. The support team can be notified if a scheduled reminder is not completed.

Activity monitoring: wireless motion and door sensors. The support team can be notified of unusual motion in the home.

Telehealth: reminder to take health readings: blood pressure, oxygen, temperature, glucose, weight and automatically records it on the device. It can also put those readings into easy-to-read charts or graphs. The support team can be notified if any readings are missed or out of range.

Socialization/Engagement: Family and friends can send messages, share photos, and make video calls. The tablet can be loaded with games, trivia, jokes, and videos of interest to the individual served.

More detailed information and videos can be found at [GrandCare Videos](#)

Individuals who are interested in the GrandCare System should work with their Service Coordinator through the IPP process. Then the Service Coordinator will make a referral to GrandCare who will complete an assessment to determine how to best customize the virtual support system.

## ACRC AND ODYSSEY LIFE CENTER LAUNCH RAY BAN META SUPPORTED EMPLOYMENT PILOT

After successfully overseeing the Department of Developmental Services Technology Pilot, ACRC is now shifting from assistive technology to support independent living to assistive technology to support employment. ACRC engaged with Odyssey Life Center for a short pilot to test the usage of Ray Ban Meta glasses with Supported Employment. The pilot will support up to ten clients and determine how the glasses can enhance on-the-job independence, task completion, safety, and communication. The pilot team is informed by India, a self-advocate who is blind and uses her glasses to help navigate work and life.

## ACRC SELF-ADVOCATES JOIN CSS DIRECTOR, CPCIDD, AND LHA FOR A PANEL AT HOUSING CALIFORNIA

The Lanterman Housing Alliance (LHA) and the California Policy Center for Intellectual and Developmental Disabilities invited Self-Advocates Lisa Cooley and Peter Mendoza to participate, along with ACRC's Director of Community Services and Supports John Decker, at the annual Housing California Conference. Housing California is the largest conference in the State dedicated to ending homelessness and increasing affordable housing.

The title of their session was *Intersectional Coalitions: Advancing Disability Justice in California Housing Solutions*. Lisa presented on challenges in accessing affordable housing for individuals with developmental disabilities. Peter's section was about disability rights as it relates to housing. Peter was ill on the day of the event, but Lisa and John were able to present his materials. Darin Lounds, Executive Director of the Housing Consortium of the East Bay, spoke about housing development for individuals with developmental disabilities. John Decker shared about the supportive services funded by the regional center, as well as all of our local multifamily housing development with set aside units for regional center clients and their families. *Pictured Teresa Anderson CPCIDD and Darin Lounds LHA, Lisa Cooley, and John Decker. Separately a picture of Peter from our presentation materials.*

## WHAT ARE MICROENTERPRISES?

Self-Employment (also called micro-enterprise), is people with developmental disabilities who start their own businesses. More people with developmental disabilities are starting their own businesses. The regional center and your advocates can help you get started.

First, you need a team of people [that supports your vision of employment]. Your team figures out what resources and money you can use to start your business. Think about what you are good at and what you like to do with your time. Set goals for your business. Then, write a business plan and make it happen! Examples self-employed small business owners include: being a personal assistant or consultant to someone else, entertaining people, designing jewelry or arts and crafts. You could do word processing, yard maintenance, or gift-wrapping. You can offer paper shredding or pet-sitting. You can own a vending machine business, a recycling business, or a card and stationary business.

Excerpted from <https://rula.disabilityrightsca.org/rula-book/chapter-9-community-participation-work-day-and-leisure-activities/could-i-be-self-employed-in-my-own-business/>

### LESLEE SUE COWLING - PET SITTING MICROENTERPRISE

Leslee Sue  
Cowling Pet  
Sitting 

Call  
(916)755-2724

dogsitting88@  
mail.com

Leslee Sue Cowling began her pet-sitting journey in 2018, inspired by her search for work that truly brought her joy. It didn't take long for her to realize that caring for animals wasn't just a job—it was her calling.

Her very first dog-sitting experience was with a sweet pup named Coco, and from that moment on, her reputation began to grow through glowing recommendations. Leslee quickly became known for her gentle nature, reliability, and the heartfelt attention she gives every animal in her care.

Leslee's philosophy is simple and sincere: love each pet as if they were her own and make them feel completely at home. She offers feeding, medication administration when needed, and personalized care to ensure every pet feels safe, comfortable, and deeply cared for while their owners are away. (Please note that pet owners are responsible for providing their pet's food during the stay.)

If you are interested in hiring Leslee for your next vacation or pet-sitting need, feel free to contact her:
