We'll discuss updates on the use of services by different racial/ethnic groups served by ACRC; our continuing efforts to enhance service access and equity to underserved populations and success stories. We have also invited our partner community-based organizations to share their roles and activities to address disparities. Most importantly we want to hear your feedback and suggestions to address the differences in the use of services. American Sign Language (ASL) and Spanish translations are provided during the meetings. For all other translation/interpretation needs, please notify us a week before by contacting Helen Neri at 916-978-6621 or
