

# Assistive Technology (AT) for Fun!

**Monday**  
**April 18, 2016**  
**3:30-6:30pm**

Registration: 3:30pm

MIND Institute  
Auditorium

2825 50th Street  
Sacramento, CA

Everyone likes to have fun! This fair will highlight ways that AT can be used to allow full access and inclusion into recreational activities and sports for students and young adults with disabilities.

## **The Resource Fair Will Include**

- Self-advocate, Nathan Streeter, will discuss the role of assistive technology uses in accessing gaming and other extracurricular activities.
- Resource tables: State agencies and organizations that support individuals with disabilities.
- Demonstrations of a variety of assistive technology devices and strategies.
- Presentation by Al Cook, expert on the use of AT for fun!

This event is free, but registration is required.
