

Below represents the charts of the target populations of the outreach grant obtained by ACRC through the Disparity Funds Program authorized under Assembly X2 1 (2016). The project was funded for 2016-17 and extended until 2017-18 Fiscal year. The project concluded on December 2019. The change of “no POS” clients to “with POS” is reflected in the two graphs below: one for the Hmong population and another one for the Hispanic-Latinx populations.
