

Asian-Indian Participants Needed

FOCUS GROUP, ACRC Enhanced Respite

February 20, 2020, 1:00 p.m., till 3:00 p.m.

Fremont Rideout Conference Center

989 Plumas Street, Yuba City, CA, 95991

Alta California Regional Center has received grant funds from the Department of Developmental Services for 2018-19 grant year. The purpose of the funds is to find innovative and creative ways to provide respite services to our culturally and linguistically diverse populations. To accomplish this, ACRC would like the feedback of Asian-Indian caregivers on how respite services could be made responsive to their family's needs. We need your participation. Please consider joining us. Please let your service coordinator know of your interest to participate, or call Helen Neri at 916-978-6621 or email at hneri@altaregional.org. For inquiries in Punjabi language, call Jaspreet Mann at 530-216-5771 or email at jmann@altaregiongl.org

* We will provide transportation and childcare services if needed and requested. Please let your service coordinator know if you need any of this service.
