

Stakeholder Meeting

For

Community Resource Development Plan

Public Notice

For Fiscal Year 2023-2024

Survey Link: [Click Here](#)

Each fiscal year, Alta California Regional Center (ACRC) submits its plan to the Development of Developmental Service (DDS) for Community Resource Development Plan (CRDP) development. **CRDP development addresses the service and support needs of individuals living in the community to avoid locked or highly restrictive settings.** The projects ACRC requests are based on the goals listed below and ACRC Stakeholder input.

ACRC asks its Stakeholders (clients, families, vendors, client advocate, Provider Advisory Committee (PAC), Client Advisory Committee (CAC), ACRC staff, etc.) to provide input in which types of services and supports are needed. ACRC uses Stakeholder input as a guiding tool to determine which CRDP projects ACRC may request DDS to provide special funding for its development.

GOALS

ACRC's goals for CRDP are to be responsive to the changing needs of the individuals we serve through an expanded capacity of services and supports designed to meet those changing needs. The goal is to meet the unmet and under met needs of our clients.

1. **Goal One:** *Develop services that are person-centered, specialized, and represent cultural and linguistic diversity throughout the regional center's catchment area.*
2. **Goal Two:** *Develop systems to ensure that quality services and supports, in the least restrictive environment are provided to individuals in the community.*
3. **Goal Three:** *Expand the availability, accessibility, and types of services and supports to meet current and future needs of individuals and their families in the community.*

PRIORITIES & ON-LINE SURVEY

To provide input on the priorities for CRDP development, **complete the on-line survey ([click here](#))**. **This survey will close on September 29th**. The results of this survey will be reviewed and discussed at the stakeholder's meeting on October 17th at 1pm.

STAKEHOLDER MEETING

ACRC is hosting a stakeholder meeting via **Zoom** to review the results of the survey and allow for stakeholder final input.
