

The Provider Advisory Committee

Connect, Learn & Share

The Provider Advisory Committee (PAC) is a committee of Alta California Regional Center providers who meet the 2nd Thurs. of every month to discuss issues related to our service system. The following links are ways providers stay connected.

Discussion Topic List

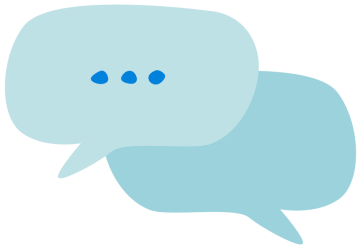

This online document lists various discussion topics which will be added to PAC monthly agenda. The list is exclusively for providers. Providers who list a topic can engage a discussion with other providers.

Gaggle Group

The PAC also hosts an email based discussion group (also called a Listserv) exclusively for providers. This discussion group is managed by fellow providers on the PAC. This group is NOT affiliated with ACRC. This group is a collaborative space where providers can stay informed, ask questions, and share resources. You can register below to get started.
